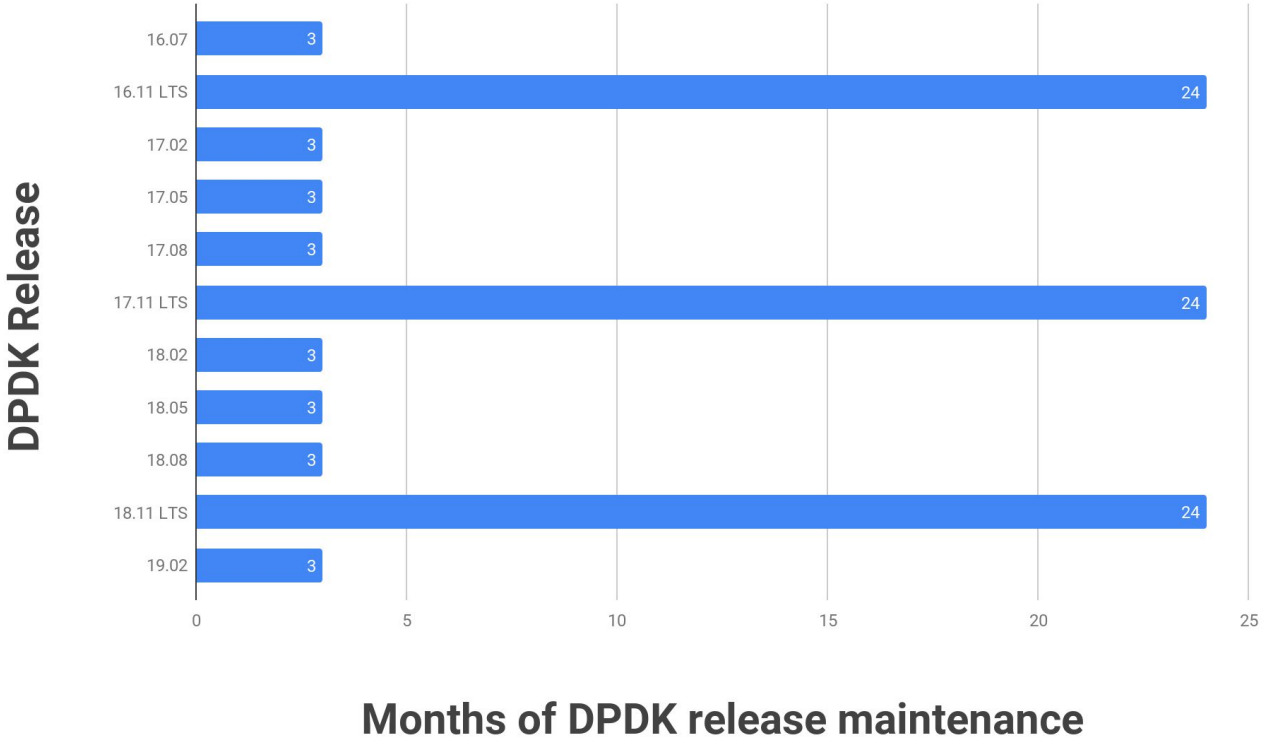
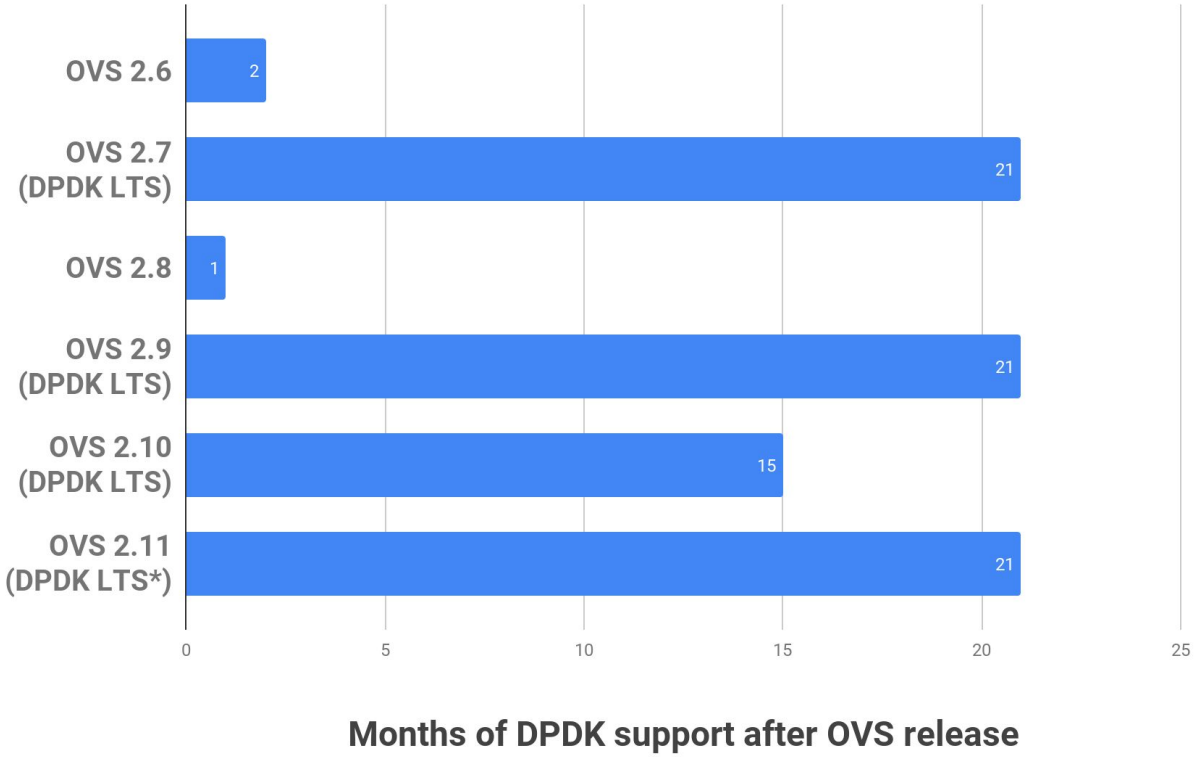
Why use DPDK LTS?

Kevin Traynor

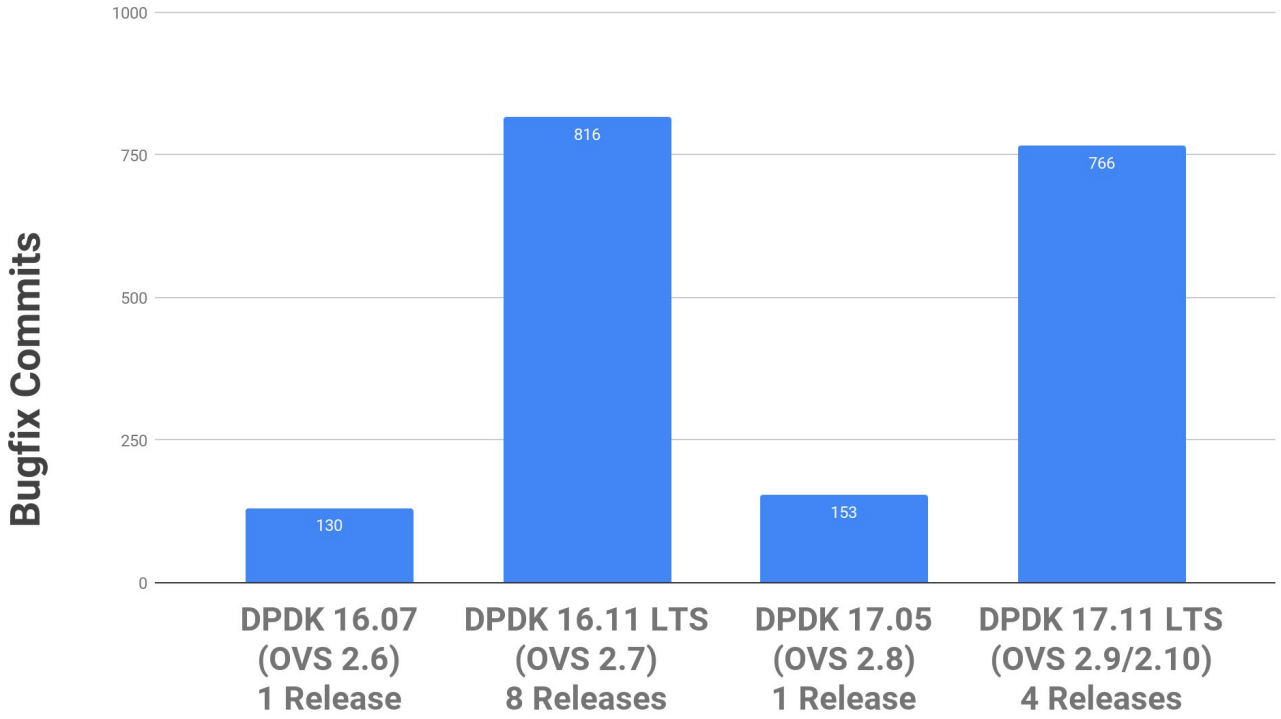
DPDK releases: maintenance



OVS releases: DPDK maintenance



DPDK maintenance bugfixes



Why not to use DPDK LTS*?

- It’s too old
- It doesn’t have new features
- It’s buggy
- It’s too hard to update OVS after 1 year
- It’s boring

* if you are just reading the slides, we should use DPDK LTS, I totally burned these arguments
