Open vSwitch and OVN are now separate

OVN is now a Linux Foundation Collaborative Project:

- The OVN repo is now at <https://github.com/ovn-org/ovn>
- OVN has independent governance (similar to OVS) and committers
- The next OVS release (2.13) will not include OVN
- OVN bug fixes are being backported to OVS 2.12

Still to come (?):

- Separate OVN mailing lists
- Separate ovn.org website (volunteers wanted!)
- Separate conference :-)
